

PRE CHRISTMAS NEWSLETTER

DECEMBER 2018

Hi Everyone

Apologies for not sending out an Autumn Newsletter however, as some of you may know I had a knee replacement in October and this rather got in the way of things.

Because of the operation the year's activities became a bit fore shortened with me having to cancel the Art & Show in York in early November. However, I managed to exhibit at Patchings Festival and Art in the Gardens, Sheffield earlier in the year with the latter being a very successful show. Work has also been exhibited in various open and private exhibitions.

Now that I am able to get back to work in the studio I intend to continue building up my Californian portfolio. At the moment I have completed eight pieces (one of which has been sold) with a further one in the pipeline. See two examples below. I am hoping that when I have approximately 20 paintings that I will be able to mount a one man exhibition in perhaps 2/3 separate venues.

The Frank Sinatra Residence Palm Springs
(Manilow)

'The Kaufmann House' (once the house of Barry
Manilow)

At this point in time I am not entirely sure about next year's activities. It is more than likely that I will exhibit at Patchings and Art in the Gardens once again but I am also hoping if possible to go a little further afield. I will keep you posted of dates, venues etc. via a newsletter in the Spring and my Business Facebook Page (Tony Moss Fine Art).

Something to bear in mind is that this is a good time for me to work on commissions. Both private and commercial are equally welcome and if there is anything you particularly have in mind please get in contact. I am quite happy to work up ideas and drawings in the first place without any prior commitment. This way if you do decide to go ahead you are more likely to end up with an image that will fit your requirements.

In the meantime I wish all my friends and customers well for the forthcoming Festive Season and the coming New Year and once again many thanks for your continued support.

Tony
